juanmbenzal@gmail.com

Main Skills

- FEA (Ansys) - Python - CAM (Fusion360)
- CAD (Inventor, Fusion360) - Arduino (C++ & MATLAB)

Languages

English, Spanish

Engineering Portfolio

EDUCATION

University of Bath – Bachelor's + Master's in Mechanical Engineering

Graduating 2030

EXPERIENCE

Event Manager - [STEM Racing Spain](#)

Organizing and directing Regional and National competitions

Manufacturing Technician - [STEM Racing Spain](#)

Operating a 4-Axis CNC

Coding Teacher - [CodeForAll Madrid](#)

Python & Java teacher

STUDENT TEAMS

[Formula Student - Team Bath Racing Electric](#)

*Design & validation (FEA) of chassis & brake components
Composite manufacturing of chassis monocoque*

[Team Bath Zero MotoStudent - Chassis Engineer](#)

*Design and validation (FEA) of tubular mainframe chassis
Mechanical design for dynamometer testing*

[F1inSchools](#) - Team Leader & Designer

*Design and Validation (CFD, FEA)
CNC manufacturing*

[CanSat](#) - Team leader & Head of design

*Telecommunications using LoRa, MQTT, Bluetooth
C++ programming of ESP32 variant*
